

COVID-19 is now active in our community

If you need support

- In an emergency, call 000.
- For peer support and information, call NUAA's PeerLine on 1800 644 413 (business hours).
- Order injecting equipment with our easy mail order form on NUAA's website <https://www.nuaa.org.au/nsp-equipment-1> or call NUAA's PeerLine.

Stay home unless you are

- Getting a COVID-19 test.
- Getting a COVID-19 vaccination.
- Accessing medical care.
- Getting essential supplies.
- Providing compassionate care.

Keep our community safe by

- Wearing a mask.
- Washing your hands / using hand sanitiser regularly.
- Not visiting friends and family or having visitors over to your home.
- Don't forget to check in when you go into a shop or service.
- You can still check in with mates and family – just use the phone instead of visiting.

Police

- Patrol the streets checking why people are outdoors and may issue you a fine if you don't have a good reason to be out and about.
- If you are exposed to COVID-19 then the police will check on you at your home.

The dangers of COVID-19 in the community are very real. Make sure you protect your mates and family by staying at home and following the public health rules.

By mixing with others, there is a very high chance you risk bringing COVID-19 home to your friends and family.

Stay home. Stay safe. Get vaccinated.

We care about you and your health. Let's get through this together.
