NSW USERS AND AIDS ASSOCIATION

PEERS & CONSUMERS FORUM

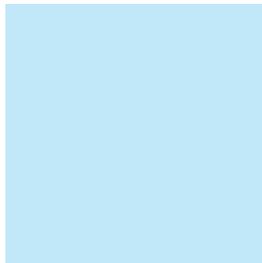

Teachers Federation Conference Centre

37 Reservoir St, Surry Hills NSW 2010

5-6 September 2018

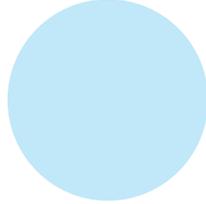

CEO'S WELCOME

When we first started developing this conference, we wanted to create a space for actively engaging in conversations on the health and human rights of people whose life journey involves drugs, including alcohol.

We think we have done that.

Our desire is full participation, wherever we come from. Let's engage in meaningful dialogue, rather than just as a member of the audience or a presenter.

We want this conference to be a start of ongoing work towards changes that empower the lives of people like us. For over 30 years we have led the way in generating change; taking action and promoting the health of those that use or have used drugs — it's what we do.

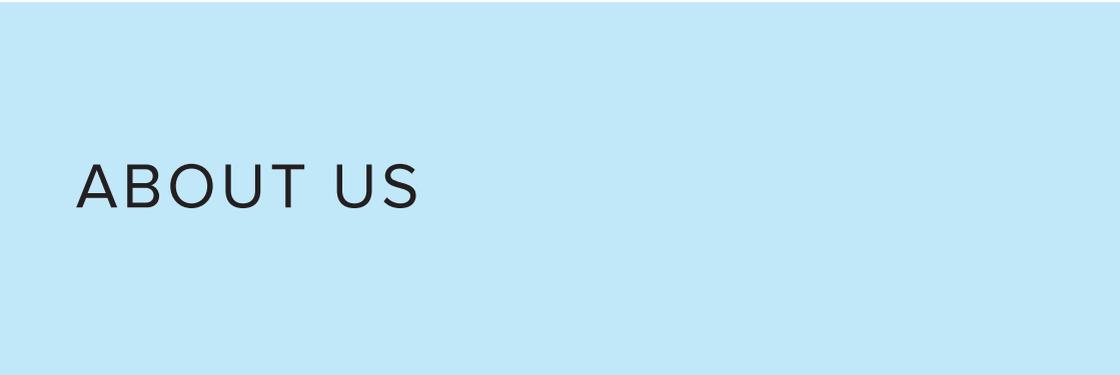

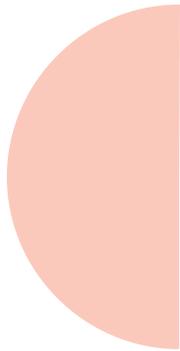

NUAA is first and foremost about people. People lie at the heart of our work.

I feel privileged to be a part of this conversation, forging valuable new connections and cementing lasting relationships.

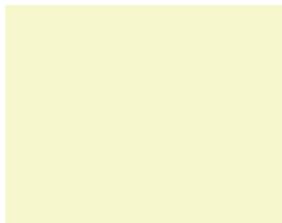

Love to see you there, with us.

ABOUT US

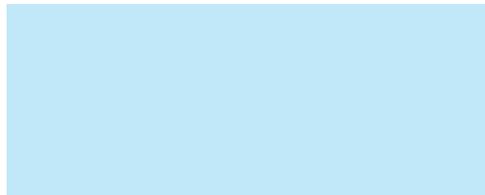

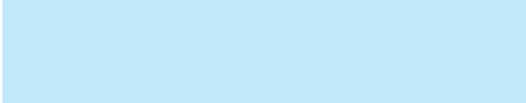

NUAA is the NSW peer-based drug user organisation. We advocate for the health and human rights of people who use or have used drugs particularly people who inject drugs. NUAA is primarily funded by the NSW Ministry of Health and is staffed and governed by people who use, or have used, drugs.

ABOUT THE PEERS & CONSUMERS FORUM

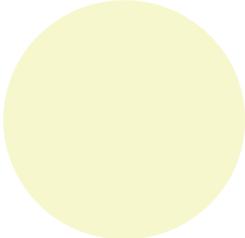

About the Consumers and Peers Forum

The aim of the 1st NUAA Consumers and Peers forum is to celebrate the contribution of consumer and peer workers – either paid or voluntary – in New South Wales.

Consumers and peers participate in a range of settings – AOD treatment services, needle and syringe programs, consumer groups – all are welcome to attend.

The main goal of this meeting is to support consumers and peers and provide a networking opportunity. We also want to raise the voice of people who use drugs and AOD service users to support advocacy, reduce stigma and discrimination and improve health service delivery.

Anyone who hopes to raise the voice of people who use drugs and increase the involvement of consumers and peers in health service delivery should think about attending including

- Peer and consumer workers in AOD or harm reduction services
 - Community volunteers in AOD or harm reduction services
 - Frontline staff and managers in the AOD sector
 - Researchers with an interest in community responses to AOD
 - Policy makers and funders
